

Kahoot

Game Time – Week 11

This week's game time will feature Kahoot, an online game-based learning platform where users can create, share, and play learning games or trivia quizzes. Leaders are encouraged to review the Kahoot platform in advance and either select a game your group will play, or create your own.

Here is the process for accessing some suggested games you might try:

1. Go online to Kahoot.com
2. On the menu along the top, select "Home" and then "Family Fun".
3. Scroll to the bottom and select one of the featured trivia games, then click the "Play" button.
4. In the "Choose a way to play" box, select "Challenge"
5. On the next box, make your selections and click "create"
6. Use the "Copy URL" button to copy & paste the link into an email to all participants.
7. Each person can then play the game on their own.

More information on Kahoot, including the process for creating your own custom games & quizzes, can be found on the Kahoot web site.
